Mobile: 07311833706

Manchester-based holds Full UK Automatic Driving Licence

### PROFILE

As a recent graduate from the Screen and Film School in Manchester (May 2024), I aspire to become a documentary director. To achieve this goal, I am seeking opportunities as a floor runner or in similar roles to gain valuable experience. I am also doing freelance videography to continue to develop my storytelling and filmmaking skills. I am passionate about creating documentaries that give a voice to the under-represented groups, whether in TV or film. I'm excited to bring my own projects to life through self-shooting and direction. I am drawn to documentary filmmaking's authenticity and eager to learn, grow, and seize every opportunity in my chosen career.
